To Whom It May Concern:

It is with pleasure that I write this letter of recommendation for Mr. Michael-Chase Strollo and applaud his work as an active citizen in his community. I am very appreciative of the work Michael did on behalf of my presidential campaign in Georgia.

Michael's passion for self-government and understanding of current political events are evidenced in his work. As the Georgia Student Coalition Director for my presidential campaign he performed in a number of roles, including student recruitment, phone bank organizing, event management and assisting with photography. During the campaign, Michael also became active in the Georgia Teen Republicans and was eventually elected as Chairman for the Georgia Teen Republicans in 2013, serving on the Georgia GOP Executive Committee.

In addition to his work in politics, Michael has also answered the call to service by enlisting in the Georgia National Guard. He has already completed basic training and will no doubt continue to grow into his role as a leader within the Georgia National Guard

I recommend Michael without hesitation. He actively pursues an understanding of topics and events grounded in conservative thought. He is well-organized and shows an interest in continuing to expand his leadership skills in both the classroom and with the Georgia National Guard. I expect we'll be seeing great things from him in the future.
